Federated has made it easy for you to give your garage the "Federated Look". Thanks to Federated's heavy national advertising and the constant exposure of the Federated name, your customers are becoming more aware of Federated. By tying the color scheme of your garage into the Federated colors, you gain additional consumer recognition. Federated wants to make it easy for you to dress up your garage. A special program exists for Federated Car Care Centers with Sherwin-Williams Company. Sherwin-Williams has taken the Federated colors and matched them to paint colors. Now all Car Care Centers nationwide can go to their local Sherwin-Williams store and ask for Federated colors.

The National Account Price List covers Sherwin-Williams lines of Architectural and Industrial Maintenance coatings. The pricing represents a savings to Federated Car Care Professionals of **25% to 35% off retail**. We offer price discounts for those key high volume products used by Federated Car Care members.
